

Forum for Regional Cooperation
Thursday, Sept. 14

INTRODUCTION FOR THE WORKING GROUPS

Moderator: Imilce Zuta

Presentation of outcomes of the Survey
(A. Salgado)

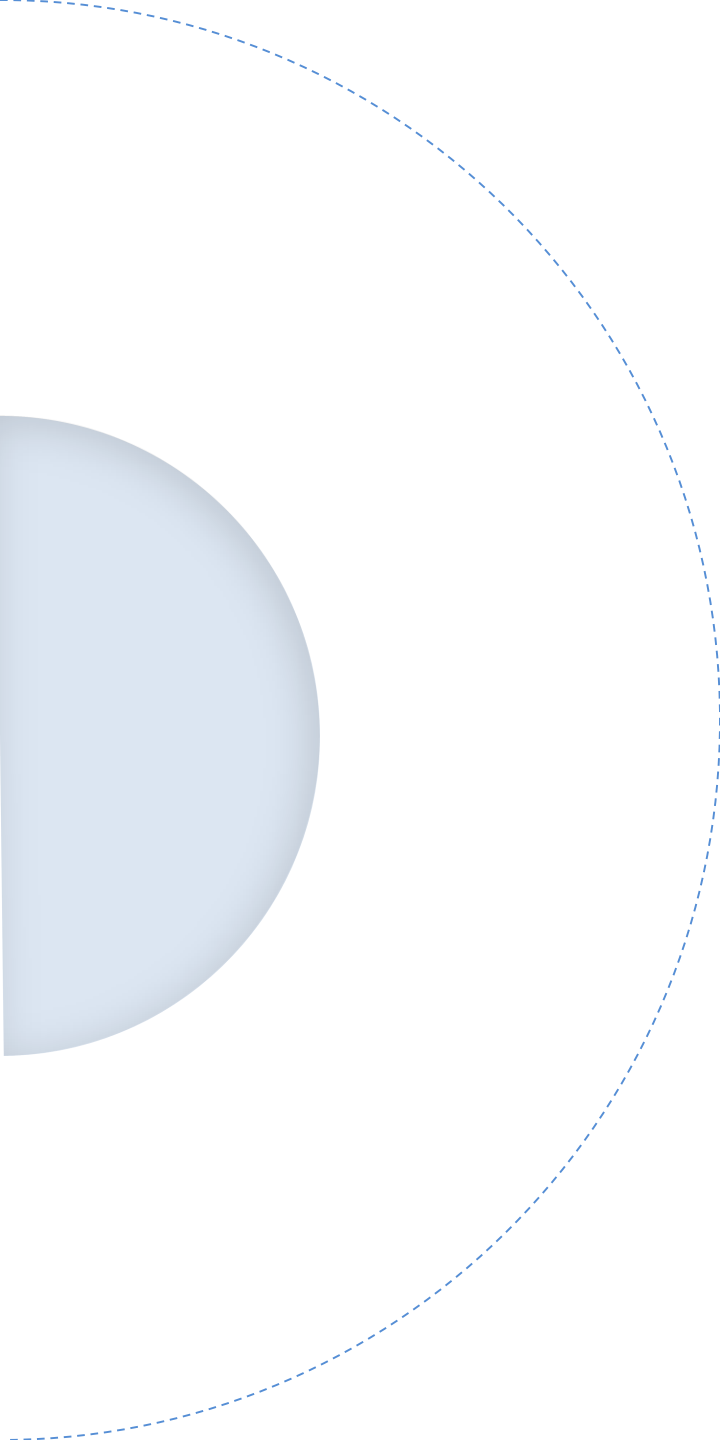

Methodology for the Working Groups (I. Zuta)

Brief Summary of the Indicators of the
Project (N.Cramer)

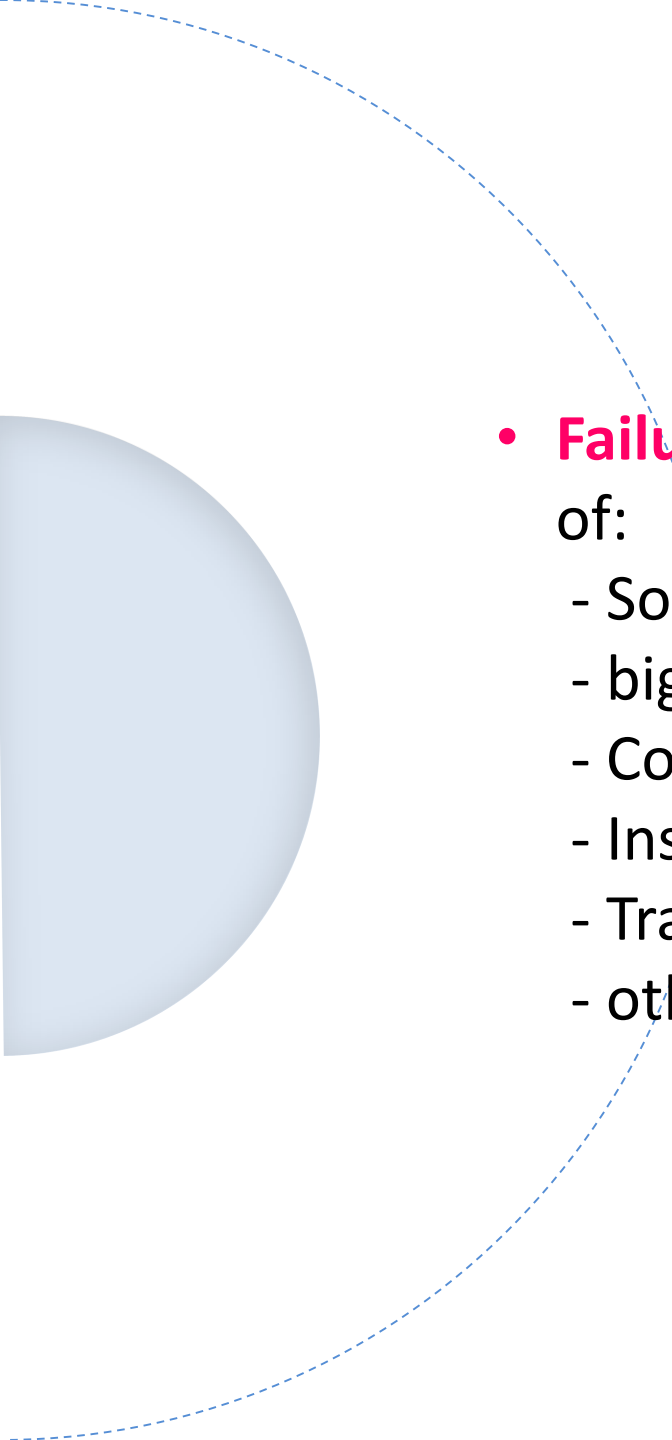

Determination of Needs/ Challenges and
Good Practices. Presentation (All)

Determination of Proposal of Activities.
Presentation. (All)

Key issues (I.Zuta)

SOME KEY ISSUES FOR THE FIRST DAY

- 
- **Failures** in the PV collectors because of:
 - Soiling
 - big thermal change (Temperature)
 - Corrosion of the structure
 - Installation
 - Transportation
 - others

- It has **not** been established the **fulfillment** of **requirements** for:
 - PV collector and
 - its components, materials
- In **some cases** the **requirements are established**, however there is **no** institutions for **testing** or **inspection**.

Or if they exists, **are we sure** they are measuring well?

- Acquisition of **expertise** or its **strengthening** in the **measuring capabilities**

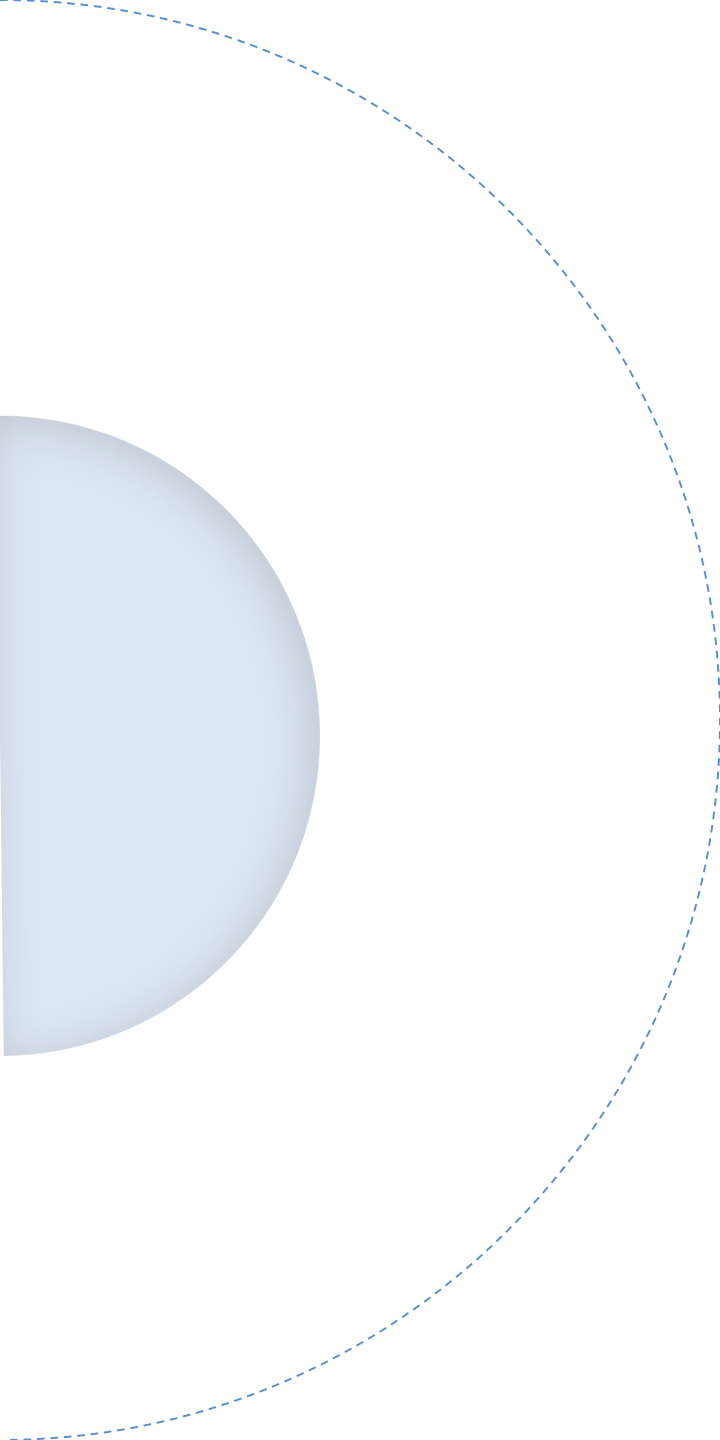

- Relevance that **experts** from **LAC countries** **participate** in the international technical **standardization committees** as IEC.
- Relevance to make the international committee knows our conditions (climate) for commissioning, operation the PV collector.

- 
- **International Standards** as **IEC (*)**
 - **Information about Standardization, Case Studies available** from IRENA (INSPIRE), OLADE
 - **Virtual courses** available from OLADE
 - **Ranking** of PV collectors

What else?

DYNAMIC OF THE WORKING GROUPS

Moderator: Imilce Zuta

Step 1

Conformation of Groups

- Form three groups

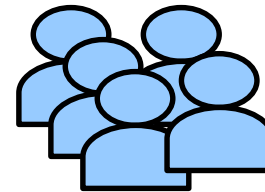

Group
“Policy, Finances &
Industry”

Group
“Standards &
Regulations”

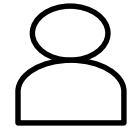

Group
“Metrology &
Conformity
Assessment”

- Each group has:

Group
“Policy, Finances &
Industry”

One Moderator

One Expert

Group
“Policy, Finances &
Industry”

Moderator: Niklas Cramer

Expert: Caroline

Room: Alerce

Language: English

Group
“Standards &
Regulations”

Moderator: Francisco Boshell

Expert: Les Nelson

Room: Mañio 1

Language: English

**Group
“Metrology &
Conformity
Assessment”**

Moderator: Christian Goethner

Expert: Wolfgang Finsterie

Room: Mañio 2

Language: English

Step 2

Determination of
Needs/Challenges &
Good Practices

(1h, 55min)

Determination of Needs / Challenges

What does (you/your institution/the sector/your country) need?

1. Need /
Challenge

2. Who
does it
need?

Determination of Good Practices

Round table of **good practices**: share your experience/good practices with the group

1. Need /
Challenge

2. **Who** does
it need?

3.
Corresponding
good practice /
experience

4. **Who**
presents this
good practice /
experience?

5. **How** it was
implemented?

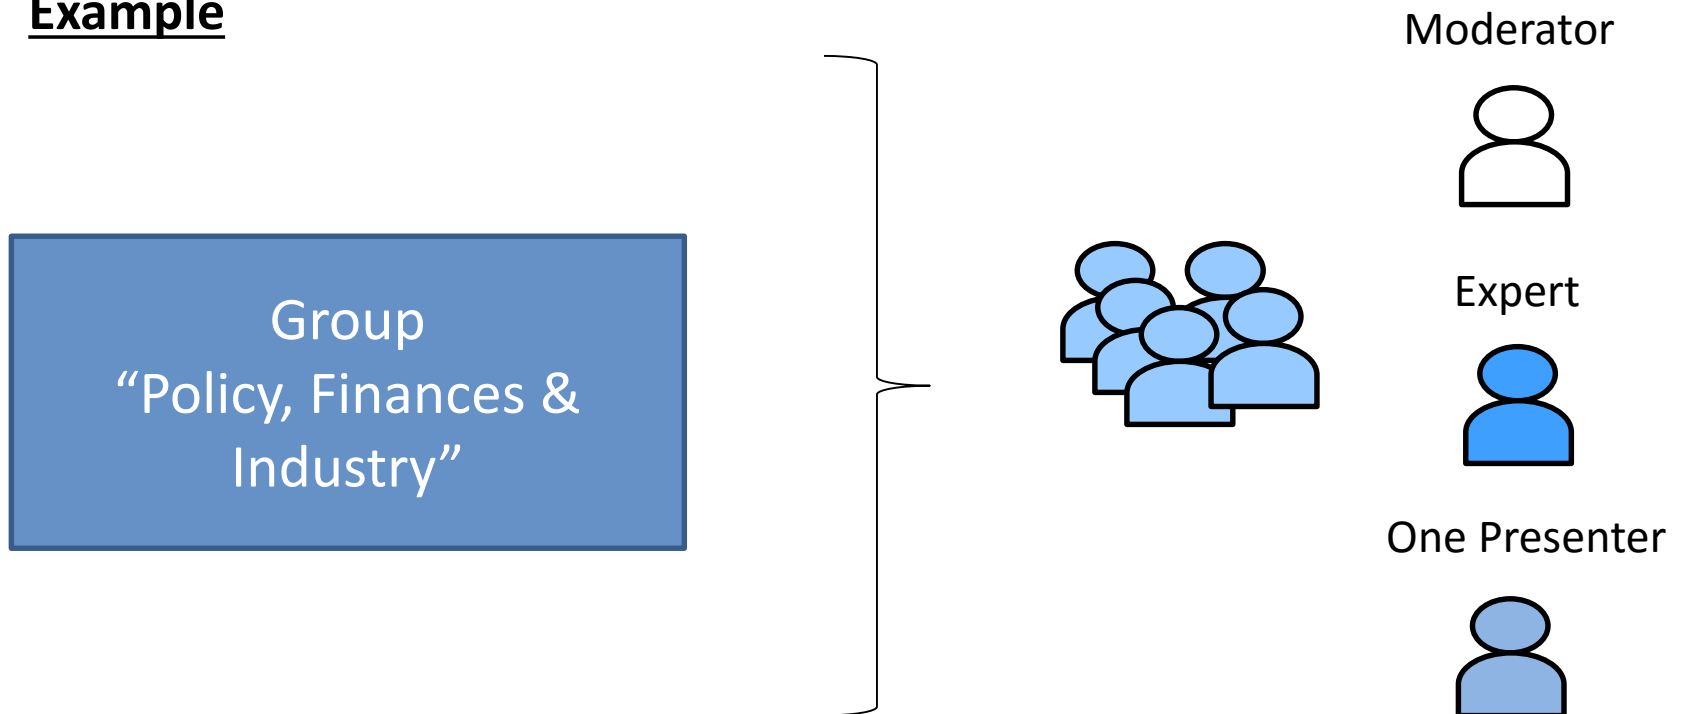

6. **What** was
the outcome of
the good
practice?

Presentation of the Results

(30 min)

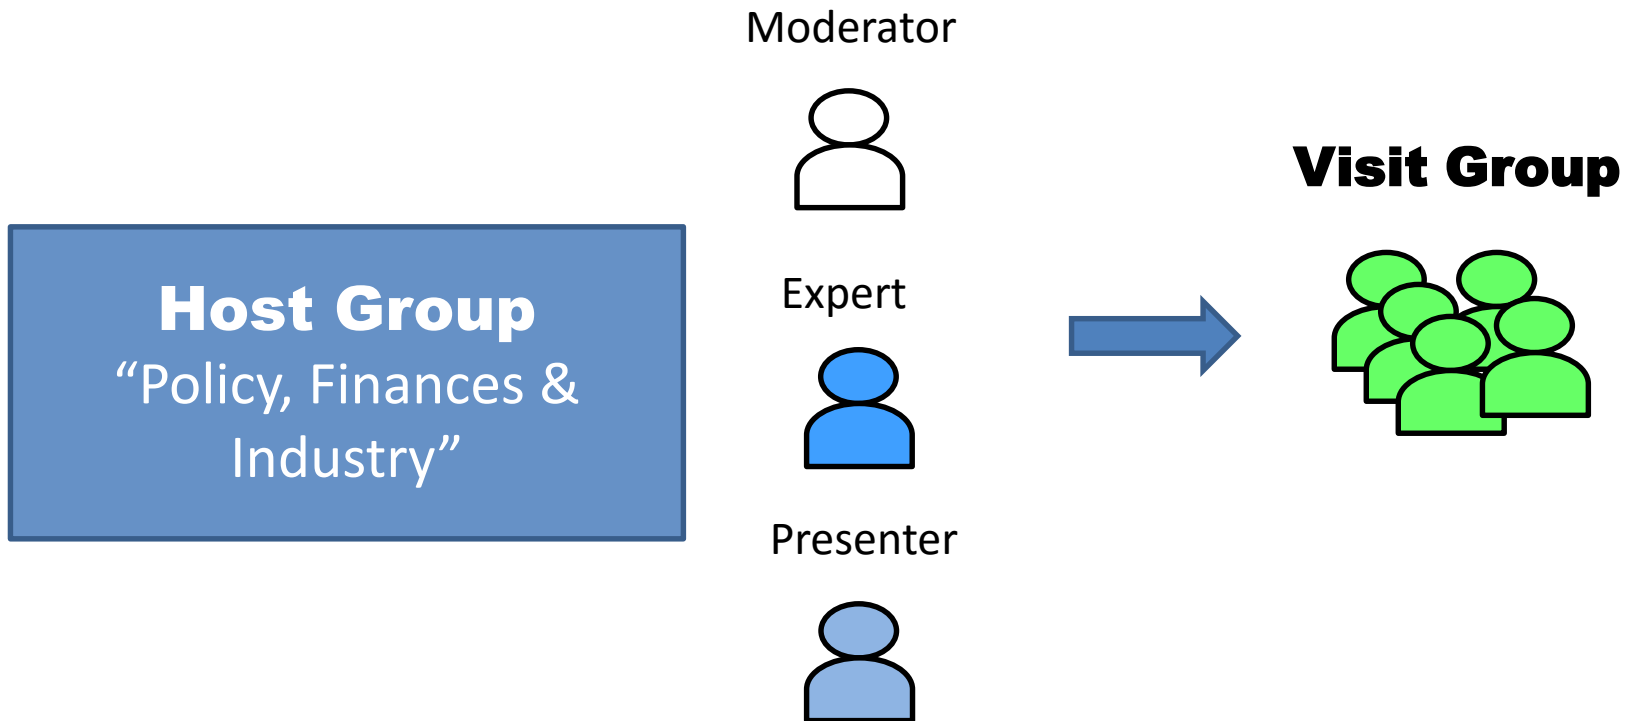

- Each group chose 01 presenter from the participants
- The moderator and Expert remains in the group
- The rest of the group visit other group (**just one more**)

Example

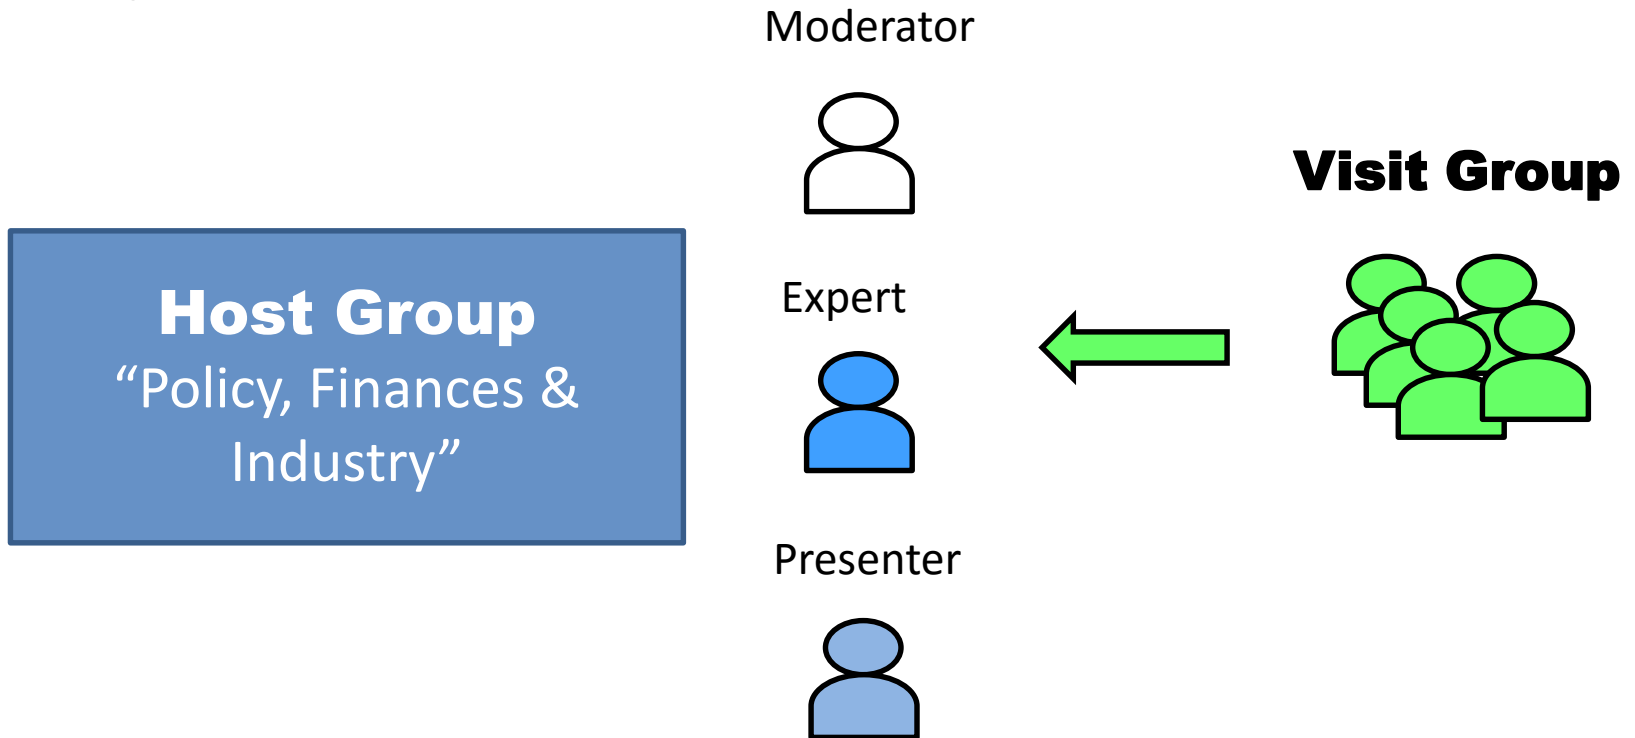

- The “presenter of the Host Group” presents the results to the “Visit Group” (14 min)

Example

- The “Visit Group” give feedback to the “Host Group”, the presenter document the new information and enrich the panel, as needed. **(14 min)**

Example

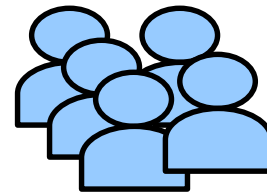

Step 3

Prioritization & Action Plan

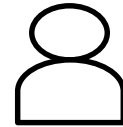

(1 h, 30 min)

- The “Moderator” chose a way to prioritize a maximum of three (03) needs/ challenges detected in the Group.
(10 min)

Group
“Policy, Finances &
Industry”

One Moderator

One Expert

Identify activities which respond to the three (03) prioritized needs/challenges

1. Need /
Challenge

2.
Activity

3.
Interested
Stakeholders

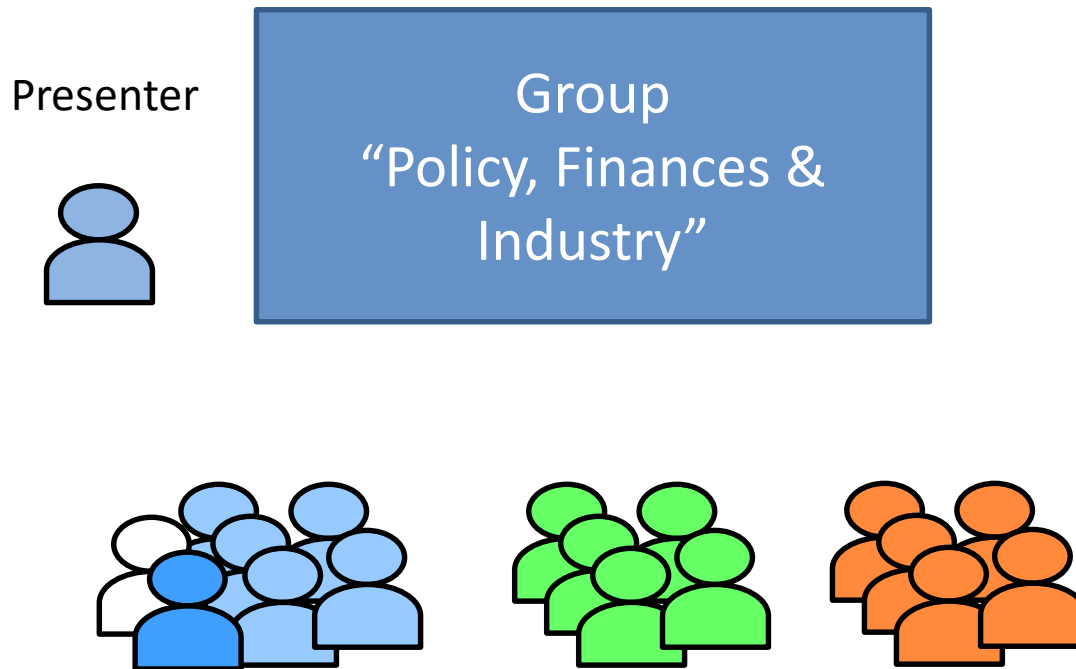

4.
Responsible
Institution

5.
Timeframe

6.
Contribution

Expert
hours,
facilities,
documents

- Each group chose one presenter from the participants to present the results to the whole group (**10 min per group**)

Step 4

Key Issues
